Jul 28 2025 In around July 2025 VS Code introduced some kind of AI autocomplete. I want to turn it off. All the previous options like github.copilot.enable or github.copilot.editor.enableAutoCompletions don t Nov 2 2022 I am running VS Code on a Mac OS

I have installed Jupyter extension but I m unable connect to my Python virtual environments

When I create a new virtual environment with Anaconda VS Code appropr May 29 2015 Microsoft recently released Visual Studio Code and I am a little confused about its usage since Visual Studio has lot of functional similarities with it Jul 31 2025 When using GitHub Copilot in VS Code through the Chat tab it frequently suggests running terminal commands and asks for iteration permissions

Each time it wants to execute a command or continue w Sep 16 2024 Problems starts when I update vs code when I open vsc after upd .NET extensions show me errors in panel in bottom and my font not work anymore

For first I try to disable and remove .NET extensions does not work after I remove font I remove all from user config.json and workspace config.json still not work Feb 1 2021 5 Go to the Visual Studio Code preferences and under interpreter you ll find Interpreter Path so set that to the path of your Python installation restart Visual Studio Code and you should be good Jan 7 2018 VS Code s terminal using a different python interpreter than the one you ve selected By default it doesn t know about your interpreter and will initialize using the default .bashrc or equivalent in the OS Jun 24 2024 I just had the same issue

I just installed VS Code on my Mac and it could not find the command to select the interpreter

Turns out that I was running in restricted mode! I had to trust to enable running program sorry I did nt take a screenshot at the time! Oct 21 2020 While installing the VS Code we get an option to tick for Open with Code. I gave the tick mark for only files but not for folders

So how to turn it on after installation? When I m opening a file 757 Is there a way to search for text in all files in a directory using VS Code? I.e. if I type find this in my search it will search through all the files in the current directory and return the files that matched.
