In March Supreme Court directed Solicitor General to draft proposals safeguarding free speech while ensuring the constitutionally permissible reasonable restrictions While the proposed amendments to rules are well intentioned doubts remain if they can deterAI enabled crimes The Union governments proposal to make labelling of syntheticcontentgeneratedby Artificial Intelligence AI systems mandatory is a timely and necessary step

Thisregulationseeks to address a powerful technology capable of spreading India s proposed rules forAI generatedcontentmay hinder innovation. The government plans to mandate disclaimers on synthetically created media. This could impact everything from advertising to entertainment

Experts question the practicality Indias government has tabled a draft law change that would compel artificial intelligence AI and social media platforms to labelAI generatedcontentclearly

MeitY wants to amend the Information Technology Intermediary Guidelines and Indias proposed deepfakesregulationsare part of a global move forAIaccountability with varying approaches worldwide The draft rules define syntheticallygeneratedinformation as any information artificially or algorithmically created generated modified or altered India s parliamentary panel suggests licensing and labellingAIcontentto combat fake news aiming for greater transparency and accountability The new IT rules place the onus back on such social media companies forcing them to become arbiters of online speech Indiastands at a crossroads in shaping the legal and ethical future of generativeAI.
