Apr 21 2015 Very simple question this time around folks! Have experience or be experienced both generally create a connotation of living through something and or learning about it. The big question is which Oct 1 2018 Experience in software development

ie the field you have experience in Experience with Java Spring and Netbeans. ie the specific tools products etc that you ve used while gaining that experience There is a fairly clear distinction in most cases

But that said the distinction is also subtle enough that it is likely to go unnoticed if you get it wrong Are these two words interchangeable? According to the Oxford dictionary experienced means having knowledge or skill in a particular job or activity while seasoned having a lot of experience in a Apr 13 2017 Together we have experienced our first joy ride

wrong That tense is the present perfect. We often use the Present Perfect to talk about change that has happened over a period of time. It is also used to express a past event that has present consequences. Together we have experienced our first joy ride

Now let s go rob a bank! correct Jun 11 2022 In vs on depends on what the experience is about. Experience in is used for professions and activities. It is a contraction of I have experience in the practice of medicine. of I have experience in the programming of computers

which becomes I have experience in programming. The other is used for equipment such as I have experience on the Vax 11780 computer. or I have experience on What is the correct use of experienced with in or of? For example I have experienced in system development

I have experienced of system development Jul 10 2015 If they reexperienced in something it has to be something they do

Thus you could be experienced in the interpretation or implementation of the rules or dealing with the rules but not directly in the rules themselves Nov 26 2017 To be experienced is an adjective I m very experienced implies that you ve had many experiences however people use it to say that you ve done it for a long time and you re very good at it Oct 13 2021 Which one is correct and why? Or if both are correct what s the difference? Learning is an experience

Learning is experience The plural of experience is experiences. Experience can never mean more than one experience but it can be used to describe a person or group s collective experience

For example on a rsum or curriculum vitae one might say I have experience in [a
