Question 17 September 2010 16 Answers Newest 21 February 2022 A male age 51 59 anonymous writes What does it mean when girls push their breasts against you or brush their breasts against you when in conversation or whatever? Over the years I have met many women who do this

It is not the majority but certainly not a small minority either. For example when joking around at a Aug 22 2020 One of them got in trouble because he kept asking women he did not know the womansittingnext to him on a train or bus or coffee shop if he could impregnate her

It had nothing to do with a relationship love friendship seeing her again trying to keep hold of her he had no intention of seeing any of them again It was a game and everyone wassittingon everyone else s laps. Now if you were at an event or pub and a woman sat on your husband s lap then yes

I ve seen office parties functions etc where one woman or man who has had too much to drink works with your partner and then fauns over them

Tugging his or her ear giving each other hugs etc She stood in front of him and removed her clothing slowly progressed to showing off her buttocks andsittingin his opened leg groin area. Then she straddled him and put her big breasts in hisface Since you played the game facethe consequences

I think this game was played exactly because everyone was a little drunk and everybody wanted to know everybody else s secrets I turned towards him to answer and next to me is this hot girl with nice legs and a hot ass. She issittingso I can see her pink thong up her skirt

I look up at herfaceand she is looking at me smiling. I then stared up her skirt for 2 minutes until the bell rang. What a great day You can do the regular laying on top while kissing orsittingand bouncing up and down or you can turn around with your butt facing him that one really turns em on

Now back to being on topfaceforward my man and I accidentally discovered this one I m 23 and have a babyface and I get a lot of compliments for my looks

It s harder to gain respect when you look younger however it will make all the difference once you realize you have good ideas and should be treated with dignity He will notfaceme
