Feb 17 2011 Facebook will not allow developers pre fill messages. Developers may customize the story by providing OG meta tags but it s up to the user to fill the message

This is only possible if you are posting on the user s behalf which requires the user authorizing your application with the publish_actions permission. AND even then Jul 28 2021 In thefacebookdevelopers console for your app go to App Review > Permissions and Features

Set the public_profile and email to have advanced access. This will allow allfacebookusers to have access and these two settings are auto granted

Ensure the Access Level indicates Advanced Access Dec 11 2020 application_id needs to be ValidFacebookAd Asked 5 years ago Modified 1 year 7 months ago Viewed 51k times Feb 24 2017 TheFacebookSDK for Unity gets the wrong key hash

It gets the key from C \Users\ your user .android\debug.keystore and in a perfect world it should get it from the keystore you created in your project Learn how to create aFacebookshare link without using JavaScript including tips and solutions for effective sharing I am trying to extract the url forfacebookvideo file page from thefacebookvideo link but I am not able to proceed how

For example Thefacebookvideo url I have is <https://www.facebook.com/nerdandco/videos/1662140250706521> May 26 2016 We are being asked to set the OAuth redirect URI forFacebook as shown below in the instructions to set up Google Firebase to useFacebooklogin. We clicked in every menu for our app

Where is 124 I have aFacebookPage that I want to get some things from it. First thing are feeds and from what I read they are public no need for access_token. But I want to also get the events and they aren t public and need the access_token

I don t want the user to login inFacebookor anything like that May 9 2013 Note that with using theFacebookSDK your users are being tracked only by visiting your site they don t even need to click any of your Share or Like buttons

The answers below suggesting only a simple link a href solve this issue Facebookdownloads the audio and the video separately so get the audio link from the google chrome inspector by right click on the video and choosing inspect going to Inspector Network Tab and checking the links use filter larger than 50k in the filter area to select bigger files change 50k according to the length of your video look in.
