Feb 17 2025 Intro Ive seen many Dont Look Down maps in Gimkit Creative before but I have seen at least one mistake with them whether it would be a summit starting right away or to much terrain in a summit so today Im going to be going over some solutions and processes on how to make a Dont Look Down map

How to make a good respawn zone Making a good height tracker Making the classic Feb 12 2025 Basically since the host triggered the game start it becomes like a relay for the host at the game start. Then all other players apart from the host becomes a spectator

It should look like this quijan good point. Now make a lifecycle for player joins late. Wire that to the team switcher Feb 19 2024 This is a guide showing how to make the host decide whether to use a questioning system at the beginning of the game

Step 1 The host room Step 2 The questioning system Step 3 activating the devices Bonus MAKE SURE THE SCOPE FOR EVERYTHING IS GLOBAL I hope this helped! You can use this guide ESPESIAALLY for published maps bc some classroom teachers use creative discover maps frequently in Aug 23 2023 How to Make Dev Options Difficulty Introduction This guide is for any Gim who wants an edge over their friends when playing a Gimkit Creative game

It covers how to make Developer Options for you or anyone else and has a lot of room for personalization. Before Building This guide uses two others as a foundation

Please build while reading through them in the order placed Make sure the Feb 13 2025 While playing my keep away map the host always seems to get randomly selected by a relay with random person on specific team 1. It isnt really an issue but it could be seen as unfair

Any idea why this happens? Nov 24 2025 Im making a game for the entire school to play ageist me and i need help with the thumbnail Im good at drawing but a lot of the people here are better

Name of game still looking for one Game Host Vs players Setting Gims six eyed
