Unfortunately that's pretty common. Don't be afraid to just block people and move on. Also remember that FetLife is more of a social networking site

Join groups you're interested in to see if there are any events in your area. Well I've thought that with fetlife would've been different although it's allegedly social network and not a date site

Thing is once you log in all you have there are hundreds and hundreds of profile pictures of people's bodies and even more just genitals. Just that

Rare who show face are unattractive unappealing somebody who I would swipe left on dating site and there's a pretty big Jan 14 2023. Thanks for the info I started my journey into exhibitionism on fet and spend a ton of time on there

I'd take a shout on Fetlife! I just followed you kyoshipanties Jan 17 2024. I messaged a dom mistress on fetlife recently about a session and they asked me to move to telegram. At first I didn't know about a price so I wasn't suspicious. Then they asked for nudes and eventually payment for the session

I sent nudes but deleted them for both of us almost instantly. I also declined to pay and haven't heard back since. Am I safe from this scam or did I mess up in Oct 14 2021? How can I download all the videos on a person's page? I have a subscription to the site

Just having a hard time finding a quick way to download the videos Dec 17 2019. The full size after you click to the image has exactly the same URL except it is pic u1000 2.fetlife. I've tried to play with the sieve but my coding is lacking. I believe the admin consistency updates the way they prevent people from downloading images

There are some great profiles. Ripme doesn't work. Does anyone have something made or know of a way to download a profile's images? Feb 26 2020. I met a woman on FetLife and she said that it's easier to talk to her on Google Hangouts

We've been talking the past couple of weeks and she told me that she trades Bitcoin and that she's on a business trip in another country. She says that she's locked out of her bank account and asked me to check how much was in there by calling SunTrust, the bank she uses

she gave me her account number May 26 2024. A community group for f/fdom focused primarily on Dommes. This is a sister subreddit of r/paypigsupportgroup which is for subs. Subs are welcome to comment on posts if you aren't baiting advertising

Note: We don't verify in any way Feb 27 2024. I was recently locked out of myfetlife account because a sub has reported me multiple times. This was a sub whom I ended things with because he ended up wanting too much for too little.
