Find your device with your Wear OS watch If you lose your Android phone or tablet that's connected to a Wear OS smartwatch you can find it with your watch. Learn how to find your phone with your watch Learn how to set screen lock on your device

By default your Android device stores encrypted recent locations with Google and participates in the FindHub network a crowdsourced network of Android devices that uses end to end encrypted location information to help Android users find their lost devices To find your friends and family you can use the FindHub app to Share your location with others Find others location on a map Take a few different actions for those shares Set up your Find You can let a friend or family member share and locate a device or accessory like your car keys that have a tracker tag

You can stop sharing devices at any time and remove devices and accessories f Learn how to set screen lock on your device

By default your Android device stores encrypted recent locations with Google and participates in the FindHub network a crowdsourced network of Android devices that uses end to end encrypted location information to help Android users find their lost devices If you want the FindHub network to help you find your lost items in remote areas you can share location info through the network to help others find lost items even when your device is the only one that has detected and shared a location for the item

People who use this option help each other find items in both busy and remote areas Search and use find and replace You can find and replace words in a document spreadsheet or presentation with Google Docs Sheets and Slides

You can also search within a file using the keyboard shortcut Ctrl + f + f on a Mac Use Google Flights to Find and book round trip one way and multi city tickets. Use an interactive calendar and price graph to find the best fares. Filter your flight search by cabin class airlines and number of stops

Google Flights allows you to book flights from more than 300 airline and online travel agency partners Find and delete activity like searches you did and websites you visited on My Activity. Tip To add more security you can require an extra verification step to view your full history on My Activity

You can find and delete your photos emails documents and other files by visiting the relevant Google product such as Find lost photos videos When you turn on backup your photos are stored in photos.google. Important If you're inactive in Google Photos for 2 years or more your content may be deleted

Learn about the Google Photos inactivity policy.
