As it says in the title it was in a porta potty and it certainly left a mark on me Wellfirst lesbiansexual experience would be 14 and it was awkward and painful bc I wasnt ready but didnt know how to communicate it to my then girlfriend Was that supposed to feel good? Tbh it was probably a non event for thefirstgirl I touched too

I think the vast majority offirstsexual experiences are like this. Actual enjoyment comes from being open communicative and very attracted imo. Also having your partner be very obviously attracted to you. And experience helps too! Mar 15 2022 I met a girl at a bar and we hadsex

It was awful lmao. I consider thefirst timebeing with a girl I loved myfirst lesbianexperience because thats when I knew for sure I was gay Thefirst timel hadsexwith my ex she was on her period and didnt want to take off her underwear

We were always long distance and it just sorta happened this way we got sloppy drunk out on the town and then went back to her place. It was myfirst timewith a woman and I definitely made her come without directly touching her

It was so hot! A safe space for GSRM Gender Sexual and Romantic Minority folk to discuss their lives issues interests and passions

LGBT is still a popular term used to discuss gender and sexual minorities but all GSRM are welcome beyondlesbian gay bisexual and transgender people who consent to participate in a safe space How did yourfirst lesbianexperience go? Myfirstexperience was with a girl I met in college after talking for almost 2 weeks straight

It took me a week to find out she was even into girls and thought I was cute. We ended up hanging out two weekends in a row

Thefirst timewe just watched movies and had wine but the secondtimeshe came Jun 8 2022 Any advice on havinglesbian sexfor thefirst time? Hi! This is a bit of an awkward question hence the throwaway lol. Sorry in advance if this is TMI
