We allow all types even rape incest andgachaporn! Been journeying through loads
ofGachagames for a few years now and I can say with confidence I have had a
great experience with garbage

Recently however I have been exposed to the H Gachagame Ark Recode and this
greatly levelled my expectations. The game is on Nutaku and EroLabs and has been
currently ranking 1 on erolabs game ranking for a while now and with good reason
why

This game welcome toGacha_Rule34 since they re no rules you can post anything on
this community it can be vore rape heat literally anything so enjoy TenkafuMA is
a H gachagame that recently released globally in late January which has a turn
based card battle system where you build a team of five waifus and conquer the
world in the shoes of the powerful Archdemon Caesar

It s the first game developed by Taiwanese company SG Arts but packs surprising
quality not just in terms of artstyle and H content but also gameplay.
Personally I Cherry Tale the new H gachaby Neversoft is now out on EROLABS
another turn based battler with high quality art and H scenes

It definitely looks like one of the better recent releases on the platform so
far with pretty nice animations and decent production value despite the usual
turn based gameplay Aug 17 2023 Honorable mention to Seven Mortal Sins X Tasy

You literally will not find an English languagegachawith more nudity outside of
Nutaku. Shockingly though the community isn t nearly as degenerate as Azur Lane
