Gallerygives you an intuitive way to blend photo management seamlessly into your own website whether you re running a small personal site or a large community site Jul 1 2013 Packages There are four different typesofpackages you can download. Choose the one that is the most appropriate for you

If you accidentally download a package that is too small or too large you can always replace it later. Typical The base application 8 themes and a selectionofpopular modules. Enough to satisfy the demandsofmostGalleryusers

Full The base application 9 themes The defaultgallerylocation for videos is C \Users\YOURUSERNAME\Videos The defaultgallerylocation for screenshots is C \Users\YOURUSERNAME\Pictures If you want to change the locationofwhere your videos and screenshots are saved you need to change the video save location insideofGeforce Experience by pressing Alt+Z then going into settings then recordings and changing it there Apr 27 2004 Gallery2.2.3 is now available for download

This release adds no new features. It fixes critical application security bugs in the WebDAV and Reupload modules

If the WebDAV or Reupload modules are active in yourGallerywe strongly recommend that you either disable them upgrade them via Downloadable Plugins or perform a complete upgrade to version 2.2.3
