Has yourAOLDesktopGoldicongonemissingfrom your computer screen? Learn how to restore aDesktopGoldiconor shortcut to yourdesktop Pinning anAOLapp to yourWindows10Start menu is a simple task follow the steps below. Right click on the app name. A small menu will appear

Alternatively you can select Pin totaskbarif you would like to add a shortcut to the bottom of your desktop

Now you have easy access to your favoriteAOLapps from the Start menu or desktop! TheWindowsshell places ataskbarbutton on thetaskbarwhenever an application creates an unowned window that is a window that does not have a parent and that is created according to normalWindowsuser interface guidelines Windows10is a version ofWindowsNT and the successor ofWindows8.1

Some features of the operating system were removed in comparison toWindows8 andWindows8.1 and further changes in features offered have occurred within subsequent feature updates toWindows10

The removed features are listed as follows both original and later releases Learn how to add rename and personalize your toolbaricons Ataskbaris atoolbarprovided by an operating system to launch monitor and manipulate software. Ataskbarmay hold other sub toolbars

A search box is not in itself atoolbarbut one may appear within atoolbar as is the case with the address bar

Toolbars may appear in various software PinAOL.comto yourWindows10Start menu TheAOLhomepage can be pinned to your Start menu to avoid having to open your browser and manually enter the web address

Pinning an item to your Start menu creates a tile that acts like a shortcut to a website you use the most. Your pinned tiles can be found in the right panel of your Start menu Windows10has brought the Cortana assistant fromWindowsPhone 8.1 toWindows10

By default Cortana appears as a search pane on thetaskbar but can be changed into a button like in tablet mode and can be activated by voice using the command Hey Cortana when a user searches the Start menu or when a user searches the Cortana search pane.
