Nov 16 2018 And 2 Grizzlyuses proprietary carbide cutters that cost 3x as much as other similar sized carbide teeth. When I checked today 8 30 2019 10 cutters fromGrizzlywere \$90ish and 10 cutters from multiple other suppliers same size but apparently not compatible were \$30ish

Good luck with your joiner. I m planning to order the 858 today

Rob Jan 17 2025 All the reviews on the Delta 36 725T2 Table Saw are all old reviews 2020 2022 does anyone know if Delta fixed the issues with the motor? Aug 26 2024 Hello all! I ve been waiting for an 8 for several years now andGrizzlyseems to be running a great discount on several of their machines

I m considering purchasing the Shop Fox w1860 on sale for \$1995 which I understand is the Shop Fox version of the G0858 but am also tempted by the May 29 2023 GrizzlyG0944HEP 1 1 2 HP Wall Mount Dust Collector with HEPA Filter GrizzlyIndustrial Inc Oct 25 2008 Grizzlyand Shop Fox are associated companies and in many cases the tools are nearly identical

SF has a dealer network and longer warranty so when price is close SF is a wiser buy IMHO Jun 19 2012 It s time to rearrange my shop layout and while browsing for ideas I stumbled intoGrizzly s online shop layout tool

It s free very intuitive and really easy to use Jan 27 2012 Grizzlypositives thumbsup Lots of pounds for the dollar definately a heavy duty saw with power to spare 3HP 220V. Runs out very smooth. Cranks up and down and bevels easily and stays there once the lock knobs are tightened

The standard Shop Fox fence is accurate using the cross hairs and stays accurate once calibrated Aug 13 2012 Found aGrizzlywood lathe model G1495 for sale. Looks to have little use. It has a 14 swing and a 17 swing in a gap at the head stock

40 between Dec 30 2024 I am thinking about buying a used G0604X jointer. The weight is well over 400 Lbs. Anyone own this machine and can tell me how much disassembly would be required for 2 men to be able to put it in my van and move and reassemble it? Oct 14 2023 Hey Guys Need a little insight

Considering the purchase of aGrizzlyG1024 Shaper. Any comments or concerns? Is a 3 4hp big enough to power a shaper? The primary use would be for pattern routing? Any insight would be appreciated. Greg.
