It still happens to me almost every time. Jan 6 2024 I've seen a thousand of groping videos over the years and this is my study on it.

80% of the videos are fake/staged. 15% of the videos are no staged but the content is such that the girl who is getting groped have no idea about it cause she's wearing either thick jeans or pants in which she can't feel the groping or is in Concerts or Clubs where making contact with other people is unavoidable. Japanese police won't give a f\*ck about the groping and will only go after the person who punched the groper.

I'm fairly sure you're being sarcastic but the police really are dogshit in Japan. Xvid Xham showing very few and those are also scripted ones. Can anyone share links or sites to watch real groping videos? TIA Oct 14 2016 A lot of men are accused of groping because many men actually do grope women and sometimes other men.

IIRC there was a movie about a guy who was falsely accused of groping a woman on a train and it followed his fight against those allegations. Jun 27 2014 You know how on r twoxchromosomes there are a bunch of stories of women being catcalled when they were young and grabbed on buses and things of that sort? I've never been catcalled.

I know it happens one time I was walking with a friend on the sidewalk in 7th grade and some guy called out at her. For like minded individuals ONLY.
