Group owners and managers can make any of their groups a Collaborative Inbox where group members can take and assign conversations and perform other collaboration tasks Group Messages Are Broken and come as individual messages I'm a part of a number of group chats within Google messages

For the last month or so group messages have been broken when messaging with people who do not use the app

For example I'm in a chat with 2 other people 1 using an iPhone and 1 using an android with Google messages After all iPhones were updated to iOS 18 with RCS compatibility from their carrier group chats broke

New messages from one of the iPhones send as RCS in a new group chat and do not use the existing group chat. The iPhones do not have any duplicate group chats created View group share contacts You can organize the people and businesses in Contacts using labels

You can use the Contacts app to find someone's contact info or organize contacts with labels like friends or family. With Google Workspace your organization can use groups to easily communicate and collaborate across teams

As an administrator you can also use groups to configure features and services for different groups of users. Here's how to get started using groups in your organization. Set up communication collaboration groups RCS is now available for texting between Android and iPhones
