Jul 20 2010 I needed to buy the gold Eddie Bauer trim paint so I can repaint my front bumper and the rear lower quarter panels. I looked on the search engine and also on google spent over an hour with no definitive information

So I called a touch up paint company they didn t even know they gave me Mar 30 2017 What trim level is higher up? Shopping around Im finding it seems Eddie Bauer ended in 2010? I kind of prefer the Pueblo gold moldings on the King Ranch and Eddie Bauer over the monochromatic on the limited

They all seem to be equipped the same so its tough to tell what is top notch Mar 23 2025 2009 Expedition Eddie Bauer Edition 1MFMU18549EA86154 I have looked at VIN info but didn t see any info on tow page extra cooler etc I can see an extra cooling radiator in front of normal rad? It does have both 4 and 7 pin connector

However there is no brake controller and I don t see any Jan 31 2025 Hey all 2001 4x4 Eddie Bauer here. 242k miles. Love this truck. Just started having a slight hitch in the transmission original might be just starting to slip a tiny bit

Got quoted \$6k for the repair and I Just put in new belts new coils new spark plugs and a new fuel tank assembly Oct 31 2011 The eddie Bauer will do a 3 yr 36K warranty from ASC. Limited will do a 2 yr 24K mile warranty from MVP. So all in all with taxes and everything both will be around \$15K

The limited of course books for more so that is a plus

It also looks like it has a leveling kit or something on it because the front has a good size wheel gap Jul 23 2024 Hey everyone I ve been lurking here while I work up some good questions about my new to me 2000 Eddie Bauer AWD 4H 4L Expedition 5.4 First a bit about myself and this truck

When I was a kid my parents had a new 98 XLT that served us well and ever since then I ve had a soft spot for these Aug 8 2020 I had the same problem with my 1999 Eddie Bauer it was the starter solenoid switch. located on the firewall passenger side Well it will crank every single time just won t fire up Aug 8 2018 Vehicle 2003 Eddie Bauer 5.4L Triton

210 000 miles. Issue After vehicle has warmed up the engine runs rough. Intermittent stutters. Poor performance under load

At times lack of power under acceleration. Very poor fuel mileage. Average in town MPG has dropped from 13 to 8. No check engine Jan 9 2023 Hello wanted to share some troubleshooting on my 2004 Ford Expedition 174k miles 4x4 Eddie Bauer I am the second owner

This truck has been absolutely amazing in terms of reliability. No issues to
