The accepted answer will generate a button if you have another pinterest button and the pinit.js script loaded

Changing the url to have link instead of button will allow you to have a pinterest button in your footer and a custom pinterest link somewhere on your page Why Am I Getting Authorization Failed for Pinterest App? Asked 5 years 9months ago Modified 5 years 7 months ago Viewed 6k times Jan 27 2025 I m trying to create a menu like pinterest if you long press the item the menu appear and by moving your finger you can select the option you want

How can I create something like that in react Aug 6 2016 Pinterest won t recognize verification metatag Asked 11 years 2 months ago Modified 1 year 9months ago Viewed 4k times Jul 20 2016 11 I am accessing Pinterest API for getting user s information by using this url but I can not find that how to generate an access token for Pinterest

According to this blog post it says that Pinterest uses OAuth2 to authenticate users Can you please tell me from where I can generate OAuth access tokens for Pinterest? Jul 20 2016 I use bootstrap this is my display

and I want to display it like pinterest please help me to make my display look like pinterest Work Arounds While not a perfect solution you can use media queries to influence the position of various elements

With some time one could get pretty close to the Pinterest layout that said there s probably a good reason they chose to implement said layout with JavaScript Feb 19 2012 23 I m trying to create and manipulate the Pin It button after page load

When i change the button properties with js it should be rerendered to get the functionality of pinning dynamically loaded images

So does Pinterest have any method like Facebook s B.XFBML.parse function? Thanks Dec 28 2020 As explained in the Bootstrap 5 docs the Masonry JS plugin is the recommended option for this type of Pinterest layout

The multi column card layout card columns that was used in Bootstrap 4 is no longer available in Bootstrap 5. Using the Masonry plugin is easy

Just use the appropriate col \* class to set the number of columns across and then the data masonry attribute on the containing Jul 8 2016 I am getting this error while trying to connect to the SQL Server. Microsoft SQL Server Error 18456 Can anybody tell me what the error code means?.
