Sep 23 2016 Which way is guys written in this sentence What are your guys favorite cars ? Should the word guys be written as guys guy s or guys in this sentence? Feb 10 2018 It s normal nowadays to walk into a room men and women boys and girls etc and go Hey guys!

Has this always been the case or what? Since you guys is colloquial if you're writing down the possessive of the word you should use a spelling that reflects its pronunciation

If you're wondering what to use in conversation the answer is whatever you've been using all along I commonly use the word guys to refer to a group of males colloquially

It s colloquial but not rude offputting condescending patronizing though I wouldn't use it with a group of men at a bo Feb 9 2011 The word guy is singularity male and the word guys can only be assigned gender neutrality if it wasn't used to describe men specifically and which 99 percent of articles that refer to men uses the word guys Nov 15 2024 I've talked to twenty wise guys that've been riding and every one of them sings a different song

Every guy cracks up his own wheel and says all the others is made out of sheet iron and bum casting Jun 22 2016 In Where are you guys? you is a personal determinative. It combines with guys to form the subject you guys

It s the determinative counterpart of the 2nd person plural pronoun you and denotes a set that includes the addressee but not the speaker When entering a place or meet a group of people or starting a speech how do you say hello to the audience from a few to thousands of people

I know that this depends on the situation. I think it Here we see that guys and gals and gals and guys clearly outnumber girls and guys and guys and girls. Note that girls by itself crushes gals in usage but that only supports the contention because girls is mainly used to describe female children

In fact if we N-Gram girls with boys i.e. male children we see that the usage is roughly male female boys girls guys gals Usage is far from parallel

While arguably boys and girls should be reserved for underage whatever that means people of the respective genders adults especially younger adults probably under 35 often refer to their own gender by the term of children of that sex.
