Sep 23 2016 Which way isguyswritten in this sentence What are yourguysfavorite cars ? Should the wordguysbe written asguys guy s orguys in this sentence? Feb 10 2018 It s normal nowadays to walk into a room men and women boys and girls etc and go Heyguys!

Has this always been the case or what? Since youguysis colloquial if youre writing down the possessive of the word you should use a spelling that reflects its pronunciation

If youre wondering what to use in conversation the answer is whatever youve been using all along I commonly use the word guys to refer to a group of males colloquially

It s colloquial but not rude off putting condescending patronizing though I wouldn t use itwitha group of men at a bo Feb 9 2011 The word guy is singularity male and the wordguyscan only be assigned gender neutrality if it wasn t used to describe men specifically and which 99 percent of articles that refer to men uses the wordguys Nov 15 2024 I ve talked to twenty wiseguysthat ve been ridin and every one of em sings a different song

Every guy cracks up his own wheel and says all the others is made out o sheet iron and bum castin s Jun 22 2016 In Where are youguys? you is a personal determinative. It combineswith guys to form the subject youguys

It s the determinative counterpart of the 2nd person plural pronoun you and denotes a set that includes the addressee but not the speaker When entering a place or meet a group of people or starting a speech how do you say hello to the audience from a few to thousands of people

I know that this depends on the situation. I think it Here we see thatguysand gals and gals andguysclearly outnumber girls andguysandguysand girls. Note that girls by itself crushes gals in usage but that only supports the contention because girls is mainly used to describe female children

In fact if we NGram girlswithboys i.e. male children we see that the usage is roughly male female boys girlsguys gals Usage is far from parallel

While arguably boys and girls should be reserved for underage whatever that means people of the respective genders adults especially younger adults probably under 35 often refer to their own gender by the term of children of that sex.
