Nov 7 2005 \$11.625 TB for those doing the math so solid deal for new.  
Accordingtothis review on best buy that was promoted free incentive review the  
drive is an Exos inside so should be solid even though there s only a 1yr  
warranty on the usb

Don t know if shucking the drive and doing a warranty on the drive itself would  
work and yield you a longer warranty like the 3yr 5yr that people have done Dec
