Jan 7 2016 It washewho messed up everything. It was him who messed up everything

What is the difference between these two sentences? Jul 24 2018 What ishe? Does the question refer to whatheis doing for a living? Who ishe? Does it refer to his name? For example heis Peter The case ofhe him should depend on other considerations such as the proper case after the linking verb is

It should be simply a matter of which is more correct It isheOr It is him My Latin education would have me pick the former

So the result is Ishefrom the USA? Jun 19 2011 I know there are different opinions onthisissue

My question Is using he for a general gender neutral third person still in common use for formal writing? By common use I mean can I expect my Grammatically forhe she it we use does or doesn t like in Hedoesn t eat meat

but these days I m observing the usage of the above sentence especially in American movies likethis Hedon t eat meat. So after a lot of observations I m assuming that both usages are correct. My assumption When to use don t ? In
