Aug 10 2023 Honey is a sweet fluid made by honeybees using the nectar of flowering plants. There are about 320 different varieties of honey which vary in color odor and flavor. Honey contains mostly sugar as well as a mix of amino acids vitamins minerals iron zinc and antioxidants

In addition to its use as a natural sweetener honey is used as an anti inflammatory antioxidant and antibacterial Jul 3 2025 Generally there is no advantage to substituting honey for sugar in a diabetes eating plan Nov 5 2024 Several studies focusing on the common cold suggest that honey may help calm coughs in adults and children over 1 year of age Aug 29 2017 How much does 1 pound of honey weigh? is 1 pound the same as a pint? i am very confused on weights of honey

is 1 pint of honey = 12 oz is an 8 oz jar = 8 oz of honey or what is the weight? if you could help me that would be awesome I sold 8 oz jars for my first year but i think i gave Jan 1 2010 I have looked far and wide for a bee processing area layout

Anybody for just a small number of hives say 20? May 31 2019 Greetings! What size screen do you recommend to filter my honey? 200? 400? Any advice you can give me to avoid cloudy honey would be great! May 29 2018 For many years robbing and processing honey being driven by weather bloom cycles or the bees in my operation

I have struggled with what to do with uncapped frames or times when even capped honey holds too much moisture to be considered safely cured

With the current monsoon here in the Mar 21 2020 I bought a lot of honey when traveling but now the honey is separated and I am concerned whether something was added to the honey to cause the separation. The crystalized part is very fluffy and like snow but very light Oct 5 2024 Yup fall honey here in CT

The dark color is a result of the fall flow knotweed actually red brown goldenrod and asters. Maybe even some lanternfly honeydew along the coast. The thickness is likely the extraction temp. Honey pulled at 85 in July flows better than in Sept at 70

Commercial beeks often have a hot room to heat up supers and speed up extracting. Have you tested with a Jun 28 2025 I have about 25 lbs. of honey from last Fall that I would like to feed back to the bees

What is the best feeding method to give this back to the bees? All my customers want the honey that I just extracted so I figured the bees might like this back Aug 10 2023 Honey is a sweet fluid made by honeybees using the nectar of flowering plants
