Feb 15 2009 we are looking at buying a house that has a stone fireplace in the living room and a place in the basement to connect a woodstove the house is 1456 sq ft on one floor and the basement is same sq. footage and completely open

was wondering if placing a woodstove in the basement wood supply Jan 6 2006 If you are getting smoke in the house or your stove just doesn't seem to be burning like should. Check the door seal and latch for a tight fit. Check the ash pan for shut tight and latched If all doors seals are good and latched

MOST pellet stove are Negative air. Inside of the Firebox is Jul 23 2016 The 500 tank is probably connected with a copper line with a fitting on the end to mate to the tank's nozzle. To use the 100 tank first compare the nozzle on it to the 500 tank and see if they are the same

To connect with the 100 tank using the flex hose there will need to be an adapter going from the flex hose end fitting to the 500 tank fitting on the copper line

PS Thanks for the Mar 5 2024 We own and live in a 120yr old house which is separated into two flats we live upstairs and have tenants downstairs and nearly 2 years ago we had Regency wood burning fireplace inserts installed in both units so that each unit has a functional fireplace and insulated liner

The chimneys are Jan 7 2022 Personally our small stone house retains enough moisture from cooking washing and breathing that winter humidity is never an issue. The ovens keep humidity at a good level

But it becomes a significant issue in the summer as the house is too humid from cooking washing and breathing and we have to vent the house

Stone is impermeable to Feb 21 2011 Anyone watch Homestead Rescue Raney's ranch on Discovery channel? I was watching it last night and the father's house had a bit of a chimney fire that got out of hand and they completely lost their cabin on the homestead they have been working on for most of the show for the last few years

Not Improving chimney updraft We often hear the complaint that someone has a bad stove or fireplace because it smokes into the house. In our experience however draft problems are almost never caused by the fireplace or appliance

The chimney is the engine of every wood burning system in order for the fire to burn properly the chimney must pull combustion air through the fireplace or stove Oct 13 2023 Hey guys So as a lot of you know I have been looking at getting my chimney lined and getting a new wood stove

Today I got some pretty discouraging news to say the least. I am very glad that
