Jun 23 2018 Windows 10 BOX Windows Windows Dear Usman Thank you for your assistance and the steps provided to troubleshoot the issues I ve been experiencing with Outlook on my Mac M3 running macOS Sonoma 14.4

Despite following the detailed instructions for uninstalling and reinstalling Microsoft 365 the problem persists. I m still unable to use Outlook in fullscreen mode without encountering the same difficulties

This issue Jun 13 2023 I keep getting a message reading We re starting the add ins runtime just a moment I have no add ins as the button confirms. I m running Word for Mac 16.73 23051401. How do I get rid of it? Aug 26 2023 If I close the program for whatever reason the cycle starts again

If I don t go to Safe Boot first and I simply restart my computer Word getshungwhen it starts and then I have to Force Quit it. I have tried 1. Deleting cache and preferences files in both regular and safe boot. 2

Checking for and installing updates 3 I think everything was on the original hard drive. I am trying to copy all of the files to a new hard drive but since the old one has some problems it hashungup on 74% for hours

If I install a fresh copy of windows 10 does microsoft somehow know that this laptop is supposed to have a windows liscense and will it work? Jun 18 2018 My PPTX stopped working along with Excel and asked me to reinstall as policy changed

This is my second time trying this this morning it keeps on getting stuck at running package scripts and will Feb 2 2018 Excel 2016 We re Having Trouble Connecting to the Server If this keeps happening contact your help desk Dec 18 2020 Watching the task manager does not indicate ahungprocess or that the process ever started

It does appear in the Event logs that licensing checks are being successfully performed. Usually if I wait about 5 10 or 15 minutes and try again the documents will open normally. This isn t just after reboot or login.
