Mar 16 2025 If Google Chrome is set as your default browser but Microsoft Bing keeps opening it could be due to a few reasons. Here's how to fix it: Sign in On your computer go to Gmail. Enter your Google Account email or phone number and password.

If information is already filled in and you have to sign in to a different account, click Use another account.

If you get a page that describes Gmail instead of the sign in page at the top right of the page, click Sign in. You can add the Google Search bar back by long pressing on an empty space on your home screen then selecting Widgets > Google and dragging the search bar widget back to your screen. Ever wondered about your missing emails from your inbox? Try some common fixes from this help center article. To find your child's Android and compatible Fitbit device location or remotely manage their screen time and apps, you need the As a parent, you can use Family Link to do things like Change some of your child's Google Account settings.

Manage your child's apps on supervised devices. Decide which apps your child can download or purchase, block or allow apps and change app permissions. Manage Your other email account needs to have POP access. If you're not sure, check your other email accounts settings menu.

You can't add an Outlook account to Gmail on your computer. To connect to Outlook, Microsoft now requires non-Microsoft email users to use modern authentication methods.

To add an Outlook account to Gmail, use the Gmail app. I don't have access to the recovery email nor the recovery phone. I am logged in to the email account but if I sign out, I won't be able to get back in.

How can I change the phone number on my account to the updated number and change my password to something we all know here in the office? Create an account. Tip: To use Gmail for your business, a Google Workspace account might be better for you than a personal Google Account.

With Google Workspace, you get increased storage, professional email addresses and additional features. Learn about Google Workspace pricing and plans.

Try Google Workspace. The user name I want is taken. If you have issues when you download Chrome on your Windows computer, use the alternate link to download Chrome on a different computer. At the bottom of the page under Chrome Family, select Other Platforms.

Select the OS of the device you wish to install Chrome on. Move the file to the
