Recently one of my friends told me that there is a distinct difference between
know of something and know about something expressions

know of is used when you have personal experience with what Feb 25 2012 What is
the correct usage of phrase you don't know what you don't know? Can it be used in
formal conversation writing? Possible duplicate of Know about vs. know of

Also What are the differences between know about and know of? on English
Language Learners which is probably a better site for questions like this Dec 7
2019 If you know about a subject you have studied it or taken an interest in it
and understand part or all of it

Hire someone with experience someone who knows about real estate Feb 23 2015
Know in 1 refers to the clause that comes right before it so there's no pronoun
necessary it's essentially a transform of I know it's your job

In 2 however the object of know is not indicated as you point out so something
must be provided Jun 9 2024 Why do you think that he doesn't know him from his
school days means that he does know him? It would only have that sense if you added
something like In fact he first met him at university I'm confused in whether to
write know or knows in the following statement The ones who are included know better

? Also explain the difference between the two thanks Jul 6 2018 Do you know
that he will be our coach? Do you know if he will be our coach? I think both
sentences are grammatically ok just meaning two different things

In the first sentence it's decided that For me know implies knowledge of details or
individual pieces while am aware of implies a knowledge only of a whole. Using
your example knowing my rights means that I know I have the right to remain silent
the right to be represented by an attorney etc

Being aware of my rights might mean the same thing but implies that I know that
I do have rights but am not sure what those rights are Jan 3 2017 The sentence I'm
writing goes like this As much as I love the pure sciences I know now a well
rounded education is valuable

But the words know and now are so similar that every time I read.
