Sep 22 2011 This tutorial will show you how to open the Control Panel in Windows8and8.1 and to change it to display with the Category Largeicons or Smalliconsview Sep 5 2012 How to Change Desktop Icon Horizontal and Vertical Spacing in Windows8and8.1 Icon horizontal spacing is for how wide left right the desktop icon will be

The wider it is the more text that will display for the icon s name without it having to be highlighted

Icon vertical spacing is for Jul 25 2013 There is a registry method on this link Taskbar Change Icon Button Width Size Windows 7 Help Forums OR How to Customize the Size of the Windows 7 TaskbarIcons 7 Steps I looked at my registry it looked the same as in win 7. I have8Pro

EDIT Thanks for adding another tutorial. A note The smallest numbers usable are 32X56

Maybe too big for a 10 screen Mar 31 2012 This will show you how to add or remove the default Computer User s Files your user profile folder Network Recycle Bin or Control Panel desktopiconsfor your user account in Windows8 Windows RT Windows8.1 and Windows RT8.1 Nov 17 2021 ? Still running out dated version of Windows8.1

Won t update. Before myiconswent missing i tried to install C++ Runtimes but i cancelled the installation. So maybe because of that myiconswent missing? Sep 20 2013 Customising user foldericonshas always been a bit tricky

All user folders apart from the desktop and contacts user folders can be changed via the customize tab in properties when the user folder is accessed from my computer i.e. not from the desktop

To customise the desktop and contacts Jan 26 2014 I ve been having this issue since I have installed windows8.1 that sometimes that opened video games such as Dota 2 would not show on taskbar and I have to alt+tab to get back to see them

I was hoping to find a solution with regard in how to fix this issue Jan 27 2014 A toolbar is a row column or block of buttons oriconsrepresenting tasks you can do within a program or a folder. Some toolbars can appear on the taskbar

This tutorial will show you how add or remove toolbars on your desktop taskbar to customize it in Windows8 Windows RT Windows8.1 and Windows RT8.1 Apr 29 2014 This tutorial will show you how to move the taskbar location to the bottom left right or top edge on any screen in Windows8 Windows8.1 and Windows RT8.1

If you have multiple displays and set to show taskbar on all displays then you can also move the main taskbar with a notification area and time date on it to
