Today after connecting and downloading transactions I received a msg that Fidelity was changing their connection with Quicken and a new connection needed to be updated Mar 29 2025 Fidelity Investments Retirement Accounts for QWin is to be used for downloading the Fidelity Visa Card transactions only and it works well for this credit card Considering moving investment accounts to Fidelity

Looking for other Quicken and Fidelity users experience. Does Fidelity work well with Quicken? Jul 30 2025 The new Fidelity interface has totally screwed up my Fidelity accounts. It won't recognize my IRA accounts and insists on creating new accounts

It also downloads lots of old transactions on my other accounts which are a pain to delete. All of my Fidelity accounts are out of balance Dec 6 2025 By now the Fidelity transaction downloading problems are legendary

Random accounts will miss an entire month's worth of transactions and manually entering them might be too much work. I've discovered a work around assuming this is a one time problem associated with reauthorizing the accounts

You could export the CSV from Fidelity and import it into Quicken in theory but getting the Fidelity Investments has 2 different financial institution setups for downloading into Quicken

FIDELITY INVESTMENTS AND RETIREMENT ACCOUNTS This is a new connection setup since Dec 2023 and it uses the EWC+ connection method Jul 30 2025 FYI Fidelity Connections support number 800 544 7931 is given under FAQ Can I export all of my account information? on the webpage Fidelity Customer Service FAQ Export Account Information Interesting to note that the FAQ states In Quicken you can export your investment holdings and account balances along with 90 days of transaction history for your personal accounts

Regarding Oct 29 2025 Fidelity Updates Rollup Post Migration Adjustments Status Complete Reported August 29 2025 Whats Happening After the July migration some users experienced security mismatches cash balance shifts and other synchronization issues

Resolution These issues have been addressed through backend adjustments and product updates

What Jul 29 2025 I just did the Fidelity conversion to a new connection method. at least that's what it's advertised as Jul 29 2025 This morning zzz appeared before Fidelity Investments when updating Anyone know why they added zzz?.
