install a xhamster plugin also plenty to choose from also directly available at VLC's site and also for free Watch download at your own time and dime if you can watch play a video then you can record download it I don't know what is happening but for the past few days when I open xHamster on my laptop and click a video it doesn't show me the video

No video player at all. I tried to reset my laptop. didn't work. I even tried muting the adblockers and it didn't work Jun 30 2023 Let me be clear I'm a lifelong NEW YORKER trying to go onto XHamster IN NEW YORK CITY using a NEW YORK CITY IP ADDRESS

BUT THIS ANTI PORN LAW IN VIRGINIA IS AFFECTING MY ABILITY TO ACCESS XHAMSTER IN NEW YORK CITY XHamster has a section of their FAQ mentioning reposts but doesn't explicitly say that reposted videos get deleted what that process would be like In my opinion Xhamster comes after Pornhub with XVideos being the worst of all time

Remember what you are selling the community determines how much you get paid. This means that you need to find a very eye catching niche that a lot of people will want to watch

Your videos need to be well scripted well lit and of high quality Honestly Xhamster used to be one of my go to's until it required you to make an account with ID verification not only am I too lazy for that I feel dirty making an account and giving my personal info to a porn site just not happening Xvideos is greatest to me Jul 15 2023 Can not download video from xhamster with youtube dl or yt dlp SOLVED! Thank you to everybody below and on the discord who helped me troubleshoot

The problem all along was that my VPN app has a feature called MACE. MACE is a feature only offered by the PIA VPN PIA is Private Internet Access as far as I know May 20 2014 Anyway when I open xhamster about half of the thumbnails don't load

A lot of the videos don't work either it says video not found and none of the pictures load. This happens in chrome and firefox. In chrome it shows a little blue picture on the thumbnails and pictures

The site works fine on my tablet though r xHamsterCreators Welcome to the official xHamster model community

A safe place for content creators cam models and sympathizers of the adult XHamster can you download videos from the website with last version 2020.02.16 ? I have not seen any post about this since the update but I'm completely unable to download from this site. Am I the only one ? Archived post
