15 There s no special magic with had had they don t really go together as a pair anymore than hadwanted go together

So don t worry so much about howtouse had had as a unit of grammar they will come together naturally whenyouwanttoexpress the verb tohave in the past perfect Feb 12 2014 Itis usedtodescribe experiences one hashadin the past and that hence influence the experience with whichyouspeak today changes over time uncompleted actions and things that have happened more than once Apr 25 2023 The man that willed me all hehad had had hadmy name on his will since I was born

My mind is broke tryingtofigureitout For example what is the difference between the following two sentences lhada bad day lhad hada bad day Nov 10 2010 I have come across a few sentences that contain havehad

I would liketoknow in what kind of situations we should use this combination Being a non native speaker of English I am not sure about the usage ofhad

In my academics I have learned thathadis only usedtoshow that something happened priortosome event in the past accordingtorule of past perfect How James while Johnhad had had had had had had had had hada better effect on the teacher is Correct Sentence? Can anyone explain? The past perfect form of have ishad had had+ past participle form of have

The past perfect tense is used when we are talking about the past and wanttofer backtoan earlier past time Which of the following sentences is correct? In the last two weeks I didn t have much time. In the last two weeks I haven thadmuch time

If both are correct are they different in m Nov 27 2015 lthas been suggested in some quarters thathadhave followed by a past participle is a regionalism that has no place in standard English grammar. If lhadhave knownyouwere coming I would have.
