**Translate longer text** You can translate up to 5 000 characters at a time when you copy and paste your text. On your computer open Google Translate. At the top of the screen choose the language that you want to translate to and from. From Choose a language or select Detect language

**To Select the language that you want the translation in** In your browser go to Google Translate. At the top click Documents. Choose the languages to translate to and from. To automatically set the original language of a document click Detect language

**Click Browse your computer.** Select the file you want to translate. Click Translate and wait for the document to finish translating **Translate by speech** If your device has a microphone you can translate spoken words and phrases. In some languages you can hear the translation spoken aloud

**Important** If you use an audible screen reader we recommend that you use headphones as the screen reader voice may interfere with the transcribed speech **Translate by speech** If your device has a microphone you can translate spoken words and phrases

In some languages you can hear the translation spoken aloud

**Important** If you use an audible screen reader we recommend you use headphones as the screen reader voice may interfere with the transcribed speech **To use Live translate with headphones** connect any brand of headphones to your Android mobile device

Make sure that your device is on the latest app version

**To listen to audio in a language you don t understand** connect your headphones to your mobile device and listen to real time translations in a language you do understand **Translate text in images** You can translate text you find through your camera and from images on your phone in the Translate app

**Important** The translation accuracy depends on the clarity of the text. Translation of small unclear or stylized text may not be correct **Translate by speech** If your device has a microphone you can translate spoken words and phrases. In some languages you can hear the translation spoken aloud

**Important** If you use an audible screen reader we recommend that you use headphones as the screen reader voice may interfere with the transcribed speech **Translate written words** Translate text in other apps Translate images Translate by speech Hear live speech to speech translations with Live translate Translate documents websites Translate with handwriting or virtual keyboard Si tu dispositivo tiene micrfono puedes traducir palabras y frases que se estn
