+jazmen jafar nude+ Copilot is rubbish and I m tired of pretending it isn t So Copilot. What exactly is it? r.

Aug 7 2023 Copilot X isnt great since it get destroyed by simple ChatGPT in understanding intent. However Copilot is useful for generating structure inside of functions when youre replicating patters youve established in other parts of your code

But if youve only used it for a month it sounds like youre trying too hard Mar 14 2024 Copilot for Microsoft 365 = is a collection of experiences with a variety of invocations inside apps generally known as M365 and appearing under different modalities all for which there really isn t a good guide to product capabilities Mar 18 2024 I think Chatgpt 4 is pretty solid but Im doing a lot of coding in vscode for python and visual studio for C

Im wondering if theres any advantages to using copilot instead Nov 14 2023 GitHub CoPilot is quite good. Not very impressed with Windows CoPilot. If you ask it to check for updates it brings up an article on how to check for updates

It s supposed to be able to handle basic tasks like that Oct 30 2023 You can ask Copilot to troubleshoot something and it will let you open a troubleshooter asking it to cast your screen opens the Cast quick setting and voice control has been supported since late September just before Copilot started rolling out to retail Microsoft Copilot Task Oriented Personality Practical and Efficient Copilot is designed to assist with specific tasks within Microsoft Office applications focusing on productivity and efficiency

Professional and Direct The tone is more formal and business like aimed at helping users complete work related tasks quickly and accurately Title. Been using Copilot for about 1.5 years now and I m generally happy with it

It does my budgeting and splits correctly but my biggest gripes are lack of bulk transaction addition and Windows support. As a Windows power user I m pretty frustrated by the de prioritization of building a Windows app

Thinking about moving to Monarch or Simplifi has anyone else made the jump? Has anybody Mar 17 2024 Does Microsoft Copilot Pro deliver higher quality outputs vs the free version? TL DR Does the paid version of Microsoft Copilot provide higher quality responses overall compared to the free version beyond just extra features? Seeking insights from users of both versions to help decide if the $20 month is worth it for my general use cases Hi ya ll Is Microsoft Copilot safe from an IT security perspective? it s supposedly only supposed to be using data from the current user s M365 tenant

But what about the data traveling out to the LLM module? I m sure Microsoft has payed a great deal of attention to secure it but before enablng it in our tenant what do you guys think from a pure IT security perspective? should we wait longer Microsoft 365 Copilot your copilot for work
