May 19 2020 I wanted to share a process for deleting accounts on these websites who either make it impossible to delete or impossible to find

This process will not 100% delete all the data about you in most cases deleting your account doesn t do that anyway but it will essentially make it useless. The idea is companies don t let you delete data but they ll let you change it

In user settings delete Mar 24 2023 I ve purchased the 20\$ subscription then I cancelled it because I only wanted it for the month. Next thing I know I receive and email that they had slight security breach or something

Then I go to my account to delete my CC info surprise surprise I cannot delete it unless I add another CC. Am I in the wrong here? I already paid and saw the 20\$ leave my account so what do you want from me Aug 21 2023 Hey sorry Im 4 mos late. My partner is a POS
