The scenario is gross framed to illicit disgust or at least discomfort and is a trope all too common in the world of manga where it is treated as a gag. But I feel like one of the issues in the community and the world as of Aug 5 2023 all might wasn't exactly wrong

you can be someone's hero at any point of time and you don't need a quirk for that that's very true. but deku didn't mean that his dream has always been to be a pro hero and you can't do that without quirk or some kind of assistance

deku jumping to save bakugou was a heroic moment but if there wasn't a pro hero with a quirk around both he and bakugou would.
