Jan 5 2015 I bought a pair of Java waxed flesh boots from him and have been completely satisfied. They shipped well under the wait time they look fantastic and they are extremely well made

On a side note Vince provides fantastic customer service which is important to me Jul 7 2021 My first Truman boot Kudu was in the 79 last maybe go half a size up if you wear thicker socks. The 4 boots I have now are all in the C55 last and they work better for the shape of my feet

the waxed flesh in any color Java black chestnut would be a good start the double shot black brown oxblood or ramblers black burgundy was really gorgeous when they offered it is also quite nice Jan 5 2015 I classify Truman boots as just a Thursday captain on generic steroids

Im more of a fan of the story and the social media they do behind the scenes milk company started from nothing and made a pretty dam good company vibe they give off then the product it self. Maybe they want to have a niche audience

This turned into a rant Nov 19 2024 Truman Gaucho Moose Boots with Goodyear Welted Vibram Christy Wedge Soles. Made to Order so no size label. See measurements below. 12D to 12.5D

The Vibram Christy outsole measurement is 13.5 heel to toe. The nonremovable insole was difficult to measure and is around 12

Moose is a very cool Jan 5 2015 The only downfall is I m limited in socks I can use since Truman prefers to do their boots online which is also a preference for some boots my feet get cold easily during the cold season

Regarding width the Trubalance is a tad roomier than the 79 I find the Trubalance D width roomy not generous Jan 9 2025 Truman size 8d Java Waxed flesh on Commando Sole so heavy and built like absolute tanks! These are currently listed new from Truman at 480. These have been worn maybe 4 times

I am asking 300 with some negotiating room. Lets talk! Also have Parkhurst 8.5d Richmond style on Parkhursts original Jan 5 2015 Truman sizing is kinda off putting. I got my second pair of Truman Boots in today. The fit is almost night and day

My first pair has a pointy shallow toe. Almost like they didn t adjust the toe box to the EE size. They also had a few flaws but nothing worth returning over. This new pair is Jan 5 2015 Trumans boots fit true to size

If you dont have a high volume wide foot then you may be able to squeeze 1 2 size down from brannock but I wouldnt recommend it
