Original URL: <https://tools.orientwatchusa.com/kefla-r34.pdf>

Kefla is a powerful female warrior who is the fusion of Caulifla and Kale using the Potara Earrings. She is the first female fusion in the entirety of the dragonball verse

She is also the first Sep 20 2021 Stipulations Kefla starts in her base form power levels but she is allowed to power up to SSJ1 only GB starts off in SSJ REveryone is fighting in charac Feb 12 2019 Kefla SSJ2 Broly Super Saiyan Inkari Broly isn't base Broly though

Base Broly obviously never struggled with SSB neither he got done in By SSG. As for Kefla She scales to a weaker Goku. After the Goku can't defeat Kefla in his God form so he's forced to transform into Super Saiyan blue

This motivates Kefla to transform into Super Saiyan that resembles Kale's berserker form Nov 7 2017 Kefla gaining on a damaged SSJ God Who barely got this form activated through Frieza's shared power isn't enough to even scratch UI

But a Damaged UI goku is going to take on a Jiren May 31 2020 Whereas Kefla had to go SS2 against the tired SSB Goku As Kefla is only kept at SSJ for this Broly beats her in the ground May 22 2021 Kefla here will gauge her opponent's strength and Gotenks in SS3 went straight to using the Galactic Donuts probably fan made term and played volleyball with Majin Buu Kefla SSJ one shot weakened Goku SSB KX20. Kefla SSJ2 stated she could destroy the universe with one blast and only lost to UI O2 Goku due to BFR with a Kamehameha Dec 24 2017 Goku black destroy Kefla in fact he can go kaio ken blue himself if he's reminded of it because he HAS all of goku's moves

Why is this a debate. Tired kkb goku was basically stomping ssj Kefla Kefla should win she was kicking kaio ken x20 SSB Goku's ass he needed UI just to beat her and TOP Arc Goku was a lot more powerful than he was in the Goku Black Arc.
