D5 Sep 24 2021 2.11.1 Hotfix Release date 2025 8 29 New and Optimizations
Optimized principle view operations Disabled right click rotation and added
support for panning in principle views by holding the mouse wheel Supports
automatically returning to the previous perspective view when switching from a
principle view Quick return to the previous view Enhanced video rendering
efficiency for real time path Aug 1 2023 New Real time LiveSync feature
eliminates the need for manual clicking the update button

During the process of editing models materials and other data in SketchUp it
syncs in real time with D5. Experience the truly immersive real time rendering
while designing

Download Installation Supported versions D5 Render 2.5 and later versions
SketchUp 2020.1 to SketchUp 2026 Attention Minor Dec 11 2020 RTX Series 60 cards
generally provide better performance than Series 50 cards for instance GTX 1060
outperforms GTX 1650

As GTX 1060 is the minimum requirement for running D5 Render GTX 1650 cards are
not supported and will fail the hardware test Dec 9 2025 Explore the latest
topics and discussions in the Scene Express category on the D5 Render Forum Jul
21 2023 D5 Curated is a section in D5 Studio which includes preset resources
created by a group of outstanding designers

D5 Curated will be continuously updated to help users easily create high quality
scenes

Data in D5 Studio is stored in the cloud space and associated with your D5
account Feb 26 2025 For example the D52.9 viewport struggled to accurately
display reflections on this highly reflective floor leading to darker areas

However this issue has been resolved in the D52.10 viewport Dec 9 2024 Supports
LiveSync for Archicad to bring projects with models materials and other data in
Archicad to D5 in real time

Download Installation Supported versions Supports Archicad 21 to 29 including
Archicad Solo and Archicad SE Download Click to download Features One click to
launch D5 Render in Archicad Import the new models into D5 Render to start real
time rendering When a model file Sep 24 2021 Whats new in D5 Render2.0 New and
improvements Features Redesigned UI Path Tool Vegetation Path Tool moving
characters and vehicles Copy and Paste Maps among Materials Duplicate Video
Clips Video Material up to 200 MB Number of Scenes up to 1000 Custom LUT IES HDR
sorted alphabetically Optimized the Camera Movement when rendering videos making
it smooth and steady Directly read Geo Sky Dec 12 2023 Workflow 35

D5 LiveSync for 3ds Max beta Supported versions 3ds Max 2014 2016 2018 2024 D5
