The question is what is the best choice in my case? May 25 2022 Hi! I'm new to Kodi and very novice when it comes to the network part of computers Feb 29 2020 It works great so far

Tried it on CoreElec Kodi 18.5. Thanks for this add on The moderating team have determined that banned addons wiki are present on your system

These will appear in the login an orange font when posted to our paste site Dec 1 2024 hi i am trying to install kodi on windows 11 pro after installing i tell it to show all dirs the same with win 11 but when i come to look at users default appdata roaming the only thing there is microsoft has anyone else had this sort of issue many thanks for your advice Solved No display on TV connected to HDMI after kodi starts Jul 7 2024 I started out with just 2 clients and now have over a dozen Kodi and non Kodi clients sometimes with 6-7 streaming at the same time

So for me reliability and minimal support are key this includes managing through various Kodi upgrades server upgrades and client related issues i rebuild HW upgrade etc

Also the ability to run multiple versions of Kodi simultaneously with seamless PlexKodiConnect PKC Combine the best frontend media player Kodi with the best multimedia backend server Plex PKC combine the best of Kodi ultra smooth navigation beautiful and highly customizable user interfaces and playback of any file under the sun and the Plex Media Server

PKC is integration done right and offers you much more than the official Plex for Kodi add on Jan 26 2023 I don't have any experience in Kodi or iptv wondering if anyone could lead me in the right direction.
