Translate longer text You can translate up to 5 000 characters at a time when you copy and paste your text. On your computer open Google Translate. At the top of the screen choose the language that you want to translate to and from. From Choose a language or select Detect language

To Select the language that you want the translation in In your browser go to Google Translate. At the top click Documents. Choose the languages to translate to and from. To automatically set the original language of a document click Detect language

Click Browse your computer. Select the file you want to translate. Click Translate and wait for the document to finish translating You can use Chrome to translate pages. You can also change your preferred language in Chrome

Translate pages in Chrome You can use Chrome to translate a page into other languages **Translate text in images** In the Translate app you can translate text from images on your phone. With some devices you can also translate text you find through your camera

Important The translation accuracy depends on the clarity of the text. Translation of small unclear or stylized text may not be accurate **To use Live translate with headphones** connect any brand of headphones to your Android mobile device. Make sure that your device is on the latest app version

To listen to audio in a language you don t understand connect your headphones to your mobile device and listen to real time translations in a language you do understand **Translate by speech** If your device has a microphone you can translate spoken words and phrases

In some languages you can hear the translation spoken aloud

Important If you use an audible screen reader we recommend you use headphones as the screen reader voice may interfere with the transcribed speech **Translate written words** **Translate text in other apps** **Translate images** **Translate by speech** **Hear live speech to speech translations with Live translate** **Translate documents websites** **Translate with handwriting or virtual keyboard** **Translate text in images** You can translate text you find through your camera and from images on your phone in the Translate app

Important The translation accuracy depends on the clarity of the text. Translation of small unclear or stylized text may not be correct Si tu dispositivo tiene micrfono puedes traducir palabras y frases que se estn diciendo. En algunos idiomas puedes escuchar la traduccin en voz alta

Importante Si usas un lector de pantalla qu This Stack Overflow thread discusses
