It is safe however there are many many many clones of the website and download links with viruses. It is usually used for piracy and I've personally never had any problems. It's more than likely you've just been unfortunate trying to search for piracy and look for posts and comments with a safe link.

Traditional\_Blood725 you Jul 15 2022 Is ytmp3.cc safe to use? I'm trying to convert some non-copyright music to an mp3 file to use for Smule

I saw a tutorial on how to do that and they said to use ytmp3.cc and I've seen most people say it's safe but a few say it's not and can cause viruses so I'm pretty torn on what to believe. I use a Samsung and want to download some music.

Every yt mp3 converter I see usually leads me to sketchy probably virus-ridden websites and I'm worried that my phone might get infected.

Am I able to use the converter not click on the bad sites and still remain safe? Is ytmp3.cc safe? Ytmp3.cc is classified as a potentially unwanted program (PUP) and a computer virus that is considered as an unwanted browser extension.

It brings in changes to your browser shortcuts on the desktop with its expansion and pins to the taskbar as well.

When you open these shortcuts then you will see the unwanted website domain as default search engine of your browser that Mar 14 2024. Thank you for making a YTMP3 site that is free and is non-virus approved. Don't let it get hacked by hackers! Sep 18 2023 Ytmp3.nu is a domain created to cause a lot of redirects and promoted content for profit on your device without your permission. Feb 21 2024 This seamless integration eliminates the need to copy and paste video links, streamlining the conversion process for users.

In conclusion, while YTMP3.CC has been a popular choice for converting YouTube videos to MP3 format, these three alternatives offer similar functionality along with additional features to enhance your conversion experience. 176 votes, 151 comments, 431K subscribers in the FL\_Studio community.
