1076 How does one insert a \ backslash into the text of a LaTeX document? And how does one insert a ~ tilde ? If you insert \~ it will give you a tilde as an accent over the following letter

I believe \backslash may be used in math formulae but not into text itself
Possible Duplicate How to look up a symbol? Escape character in LaTeX In the itemize environment how do I use the ampersand symbol amp without LaTeX trying to use it as a command? Jan 13 2011 How to type these special letters from European languages in latex? and L ? Mar 20 2012 The LaTeX command is \symbol

You can see that LaTeX default underscore does not use char 95 when encoding is OT1 because it occasionally fails depends on the font i.e

the encoding does not guarantee that the character at position 5F hex is an underscore that character in the specific font cmTT10 happens to be an underscore Jul 27 2010 What editors IDEs are available for easing the process of writing TeX LaTeX documents? Please state some useful features like code completion spell checking building final DVI or PDF files etc

Jul 27 2010 CoCalc contains a LaTeX editor amongst many other tools formerly SageMathCloud TeX Lyre Meanwhile inactive \Blue LaTeX formally publications. li meant for Collaborative Writing [archived on github] Online compiler with basic functionality LaTeX servlet on sciencesoft.at LaTeX online compiler in Halle Germany LaTeX4 Technics Tex Viewer I have heard a lot about LaTeX but never used it myself

It is mainly used for typesetting professional research papers. But I am not writing research papers. Is LaTeX for me? If yes why should Jul 27 2010 The Art of LaTeX is a 100 page intro to the subject with a lot of parallel LaTeX code typeset result examples throughout the text

A companion book The LaTeX Math Companion does the same with math in LaTeX I have an equation contained inside \sum which automatically makes a \sum with sub and superscripts turn big so that the summation sign looks awkward inside parenthesis

Any idea how to make I want to represent say the closure of a set or the extended reals e.g. $\overline{\mathbb{R}}$ but unfortunately this creates a bar that is much too small horizontally and can barely be seen. On.
