See what you arelookingat as displayed in the HUD

DownloadWhat Am I Looking At? WAILA by r4isen1920 with over 960.9K+ downloads on CurseForge Feb 14 2024 See what you arelookingat directly from your HUD! This utility Add On adds a display on top of your screen packed with intuitive and useful information about the world around you A simple spiritual port ofWhat Am I Looking At? to StationAPI Minecraft b1.7.3

The relevant code is literally one file. Tooltips appear in the top left corner when youlookat something. Block tooltips show the name of the block you relookingat as well as what it looks like in your inventory its ID and what tool you need to mine it

Entity tooltips show the name of the entity you re Oct 23 2025 What Am I Looking At? WAILA Mod a tiny lifesaving overlay for Minecraft Bedrock that answers the question you ask a hundred times a session what is that? The readout sits at the top of your screen and instantly calls out the block or mob youre pointing at shows the add on namespace so you know which pack it belongs to and even flashes the correct tool to use

No pausing no May 12 2024 WAILA What Am I Looking At is the predecessor to HWYLA by the same mod author ProfMobius. It provides similar functionality showing basic block item info when hovering

The One Probe offers high customization for both server admins and players while also able to integrate with popular modpacks to show specialized information Jan 7 2010 WAILA What Am I Looking At is a mod by ProfMobius

It depends on the MobiusCore library as well as NEI.WAILAadds information to item tooltips that show which mod the item is from. It will also show extra information provided by the mod author

Expanding upon the Highlight Tips feature from NEI WAILAoffers an in world variation in addition to the in inventory tooltip

The in world feature What Am I Looking At? Add on 1.20+ The Waila mod allows you to see what block or object you arelookingat showing information at the top of the screen in the form of the name of the object and health in the form of units and percentages if it is a creature

In version 2.0 the following innovations were added What The Hell Is That? Iamno longer interested in modding

TehNut Hwyla is !!1 Now how the hell I can play Minecraft??!!1! Don t worry ladies and gentlemen I got you covered! Introducing WTHIT a fork of HWYLA by TehNut which is itself is a fork of WAILA by ProfMobius WTHIT is a mod that adds
