Restart your computer after doing this Aug 23 2025 Discusses an issue where you're presented with a blank screen with no Start Menu shortcuts or icons after logging on to a Windows computer. Windows supplies default icons for every item displayed on the desktop and in Windows Explorer Nov 12 2024 Show Desktop Icons Right click on an empty area of your desktop

Hover over View and ensure Show Desktop Icons is checked. Restart Windows Explorer. Press Ctrl + Shift + Esc to open Task Manager. Find Windows Explorer in the list right click it and select Restart. Rebuild the Icon Cache Oct 7 2024 I updated my Windows 11 and after restart the icons are no longer showing

I restarted it again but the issue remains Jun 19 2023 Right click on taskbar on Windows 10 gives you the context menu only. You need to click on Show Desktop button on taskbar located at far right from clock. This will take you to Desktop instantaneously

It works on both Windows 10 and Windows 11 as well. What are the official proxy links for AniWatch? I only know two so far <https://aniwatch.to> <https://aniwatchtv.to> If you're replying please make sure that you can log in to that website with the same credentials as in the actual website Feb 28 2021 Aniwatch just got taken down so I was wondering if someone had a substitute for the site

I know there are plenty of sites to stream anime on and I can find them on the piracy megathread but I'm looking for something that looks as polished and clean
