LOONA stylized as LOO is a 12 member South Korean girl group formed by Blockberry Creative BBC

Each member was revealed with a solo single album and MV in a periodic fashion from October 2016 until March 2018 corresponding to their Korean name Idarui Sonyeo which translates to Girl of the Month Subreddit for the 12 founding members of the iconic K pop girl group LOO Feb 11 2023 The last year for LOONA has been tumultuous to say the least

We hope this timeline helps Orbits and non Orbits alike catch up on what s happening with LOONA Chuu BBC UMJ and all other involved parties. HUGE thanks to u yunglethe who has kept a wonderful timeline of events. We have used the information they have gathered when constructing this post

Please check out their full timeline r LOONA Subreddit for the 12 founding members of the iconic K pop girl group LOO The ARTMS project was announced in April and eventually LOONA members started to redebut OEC redebuted on July 12th with their mini album <Version Up> Loossemble comebuted comeback and debut combined on September 15th with a self titled mini album

Chuu released a mini album <Howl> on October 18th Nov 6 2021 Loona was adopted when she was almost 18 so we ll say 17 at the oldest

She doesn t look much older than in the photo where she was adopted so she s anywhere from 19 to 21 Dec 30 2023 Myloona has trouble accepting commands for many games and has only managed to recognize her bull fighting cloth once despite many many many tries

The only thing she recognizes regularly is the ball which is pretty entertaining Loona s definitely a wolf like hellhound much like Tex. Though she could be a wolf dog hybrid but we just don t know. A husky like hellhound is like the guy that convinced her to stay at the party in Queen Bee

Best I can tell most hellhounds that we see on screen resemble working breed dogs but as within the show and the canine genus itself there s a wide spectrum As someone who likes Loona and actually isn t that attracted to her she feels like a young person going through some very real things coming from a tough place where its not easy to trust Sep 3 2023 Will Loona s The Origin Album 0 Zero ever see the light of day? I m curious about what Freesm sounds like definitely excellent for sure! I loved ODD Eye Circle comeback so good!!.
