On the label it says you should only spray 6 7 a season for most crops so im wondering how often can i apply BT to my plant?? The infestations not bad but id like to get rid of it before it damages my plants without harming buds May 22 2009 Anyone have random or weird situations with older women looking for sex? One time me and a friend were bummin around looking for a hook for bud

We May 2 2017 Trichomesmaturefaster on the sugar leaves could have something to do with it but I believe smoking trimmings is known to cause headaches and such due to the high amount of chlorophyll or something? Not quite sure I ve smoked leaf plenty of times waiting for buds to matureand don t remember getting headaches Jan 17 2012 In the eight week plants the flower growth stops as they start to mature

Week 8 In the eight week varieties the flowers are fully ripened by the end of week. The peak harvesting period is in the last 72 hours

Once the trichomes stand up and have plump caps its has reached the peak and anything after will only deteriorate the potency of the Feb 8 2011 harvesting the big buds and letting the small ones grow for a 2nd harvest?
