Apr 17 2024 Hey all! I am interested in purchasing scions of M4 and Pram KaiMea Brahm Kai Meu to graft onto my small cocktail tree. Mahalo Logged Fruit Lover s Nursery Seed and ScionsHuh?? I would not classify a Black Sapote as such yes it is in the persimmon family and yes

you must basically let it rot before you eat it but would not group it into the category of what most people classify the astringent persimmons. Taste look texture etc. are all way off when compared to the astringent orange red persimmons

Logged Rob Apr 17 2024 Green Mango that Taste Good Ripe or Any Mango that Taste Good Unripe?I am the only one who likes green mango salad the rest of my big family love sweet ripe mangoes. So I am trying to find one last mango tree to fit the need here

I watched several youtube mango tasting and Bhram KaiMea Pram KaiMeaseems fit but some of my friends say Maha Chanok tastes good unripe crunchy a little One that sticks out in my mind is Brahm KaiMea or Meu depending on who you ask and have the name translated by

I think I did a list or responded to a list labelling the relative disease resistance that I have expereinced with various cultivars Apr 6 2021 Brahm kaimeais another one i have never tasted but is supposed to be great for green eating

I ask this because there must be more green mango s around maybe from india or indonesia malaysia but they really have to be very tasty The description of eating fits Pram KaiMea but the appearance seems different Taiwan s new mango varietiesSeems to me that the situation with Hawaiian mango cultivars in Florida is very similar to situation in past with Hawaiian avocado cultivars in Florida little tried but strong prejudice against them

Still when some avocados like Nishikawa are finally tried everyone raves about them. Harders has never even been planted there and i m guessing that other great Jul 13 2022 Juliet Mallika Val Carrie Brahm KaiMea Honey Kiss Ambrosia Diamond with Peach Cobbler and Maha Chanok on the lower branches

This one is going to be a mess of a tree but will sort out the vigor later when I have enough grafting material to take ahah Apr 17 2024 Other inconspicuous green mangoes Zebda Brahm KaiMea Keaw Savoy Gary Ice Cream.
