Dec 3 2025 AtArcelorMittal our goal is to help build a better world with smarter steels

The rails manufactured by ArcelorMittal are supplied worldwide for high speed and heavy haul tracks, urban transport, light transport solutions, port terminal and infrastructure projects. Our rail infrastructure provides a link between our various sites while our seaport allows us to ship our products all over the world.

Inaugurated on December 10, 1960, our railway was an essential access route for the development of northern Quebec. ArcelorMittal is part of the reduced group of rail manufacturers with sites in Gijon, Spain; Dabrowa, Gonizca, and Chorzow, Poland; and Rodange, Luxembourg.

Our production has experienced significant growth in the all-railway markets. High speed metro, heavy haul, urban transport, port operation. ArcelorMittal S.A. is a Luxembourg-based multinational steel manufacturing corporation headquartered in Luxembourg City.

It is ranked second on the list of steel producers behind Baowu and had an annual crude steel production of 58 million metric tonnes in 2024. Feb 13, 2023. The ArcelorMittal Railway connects the Mont Wright and Fire Lake mines to the ArcelorMittal facilities in Port Cartier.

Every year it allows shipping of over 25 million tonnes of iron ore to the international markets. Oct 4, 2024. This rail line once reduced to ruin during Liberia's civil war has been painstakingly rebuilt by ArcelorMittal Liberia.

Now it stands as an asset owned by the Liberian government and maintained by ArcelorMittal, critical to the country's economic growth. Apr 29, 2025. BUCHANAN. ArcelorMittal Liberia is undertaking major upgrades to the government-owned railway system, moving ahead with its expansion efforts while attempting to counter persistent misconceptions about its stance on shared rail usage. Dec 10, 2020. The 420 km railway linking ArcelorMittal Mont Wright mine to its facilities in Port Cartier in Quebec remains a strategic link, shipping more than 25 million tonnes of iron ore to international markets. This is an incomplete list of the world's railway operating companies listed alphabetically by continent and country.

This list includes companies operating both now and in the past.

In some countries, the railway operating bodies are not companies but are government departments or authorities. Mar 30, 2021. The welding pilot plant, the advanced testing systems of in-use properties, or the ongoing developments of track monitoring are some examples of the solutions that ArcelorMittal, through the R D Rail Excellence Centre, will bring to the railway sector.
