Mar 22 2024 Mei Mei is really strong in some aspects. Martial combat without technique? Really good. Raw power output? Even Sukuna prefers not to take one of those birbs. When faced with an opponent she can just outclass Mei Mei is excellent and a better choice than Kusakabe

Sukuna is not that Mei Meidoes a lot just for the sake of money but even she wouldn't help Kenjaku the Shibuya Incident caused a collapse in Japan's economy and Mei Mei is smart enough to predict that this would happen if she knew about the Shibuya Incident beforehand May 9 2023 Tips for Mei? Found out I love Mei all her abilities and play style! Any tips to help me continue to get better as Mei would be GREATLY appreciated! I've been using her ice wall to split tanks from healers and also block choke point and stuff

Any tips for using her ice wall in a different way? And her Blizzard when is a good time to pop it? Is it smart to throw it on point as a way to get Since the chapter's release a couple years ago there's been a lot of flak given about the scene between Mei Mei and Ui Ui in the Malaysian hotel room and for good reason

The scenario is gross framed to illicit disgust or at least discomfort and is a trope all too common in the world of manga where it is treated as a gag

But I feel like one of the issues in the community and the world as And Mei Mei isn't something new to shonen that falls under this umbrella look at geges main source of inspiration and yet still a massively popular character despite clear as day disgusting behavior toward children Hisoka

But Hisoka isn't a hero and neither are jujutsu sorcerers Mei's abilities always slow the pace of battle down meaning Venture can catch a breath and wait for abilities to refresh. Venture's mobility and burst damage to quickly get picks complements Mei's lack of mobility and firepower

For example Mei can neutralise snipers with her wall but Venture can actually chase them down and eliminate them Mar 14 2024 Gojo geto shoko were second years in the beginning of hidden inventory so around 16 while at the end there was a one year timeskip so around 17

Utahime and Mei Mei already graduated by the time we met them in hidden inventory so they are at least 3 years older so at least 19 Mei Mei is a self interested opportunist for sure and I only trust her to do what's best for her. But she's not stupid

She knows money will be worthless if she's dead or if civilisation collapses

I don't see her agreeing to help Kenjaku for money not while his goals are a threat to her way of life Sep 20 2023 I didn't really like Mei Mei all that much
