Most straight porn has a lot of erect penis in action in it I think mostmenif they felt they could would say that they enjoyed watching cock at play. Honesty is a good thing do you want him to have secrets?

I consider my self straight but do enjoy seeing a erect cock and a good squirt hasn t turned me bi or gay yet Or is this about you are you worried what happens to your sex drive as you age. Masturbation is in helpingmencheck for cancer at any age it has many physical and mental benefits

It s actually worse if he is 80 and he doesn t masturbate which also can happen whenmenget older and their sex drive goes down If anything men masturbatingis totally cool and normal and people like to pretend that women don t actually have a sex drive don t like looking at nakedmen don t get aroused by porn and don t pleasure themselves Even though you have your man there to do the deed do you still masturbate at times and do you have sexual thoughts of being with anothermenor maybe your own man whilemasturbating? Most marriedmendo not think of their wives when they masturbate as they are having a sexual relationship with her.They will fantasize about other hot and sexy women

As to those unmarried not all will think of their g f because they do not want to spoil their g f s aura or cheapened her by thinking of her during the act
