Aug 15 2023 And the only other option it provided me was to approve the login from an already approved device

I always received the notification in my iOS app and when tapping on the notification and approving it it would bring me to the web version of facebook but I was inside of the facebook app Facebook 2 factor authentication problem how to regain access to account? r facebook r facebook Current search is within r facebook Remove r facebook filter and expand search to all of Reddit Dec 4 2023 Ive been having someone try to reset my password and Id like to see if there is a way to see the location of the attempt or maybe an IP address Today I have come to know that is shows empty under Security and login information Logins and logouts nothing to show History of your Logins and Logouts missing

But in Where you re logged in it shows the current login information as usual. I have cleared cookies used Chrome and Firefox both browsers same scenario Go to your Facebook account on another device and open the notification that we sent to approve this login

Check your notifications on another device. Waiting for approval It may take a few minutes to get the notification on your other device. Get a new notification

Try another way Then I get this Choose a way to confirm that it s you Mar 28 2023 Learn how to access your Facebook account using Google credentials with step by step instructions May 24 2023 When I close Edge and then re open it later I always have to go through 2 factor authentication to access Facebook

It never remembers my login details unlike other browsers. Why? Fb asks me at the end of the login process if I want to save this browser and I click yes but when I close FB and re open it we have to go through all the 2 factor authentication process again

Anyone else having A little over a month ago my old phone that I used for Facebook was dropped one too many times and is unrepairable. I purchased a new android device and tried to log into FB and was asked for a login code but no code was ever sent and I never set up a secondary 2FA code app

I use FB primarily for my business and as you can imagine not having access has caused significant disruption to my Apr 30 2023 Saw a previous thread about getting rid of the facebook login popup and overlay

These filters were mentioned facebook div[role= dialog ] facebook scrollview + div facebook div[data nosnippet= ] Using the above filters does get rid of the popup and overlay but I can only see the first post and page scrolling is disabled
